

Obstetrics & Gynecology Science_Contents_2022

Scope	Vol.	No.	Category	Title and Keywords
MFM	65	1	Reveiw	<u>Ultrasonographic ovarian mass scoring system for predicting malignancy in pregnant women with ovarian mass</u> Ovarian cysts; Ovarian cancer; Diagnostic imaging; Ultrasonography; Pregnant women
	65	1	Original	<u>Clinical manifestations and pregnancy outcomes of COVID-19 in indonesian referral hospital in central pandemic area</u> Maternal health; Maternal mortality; Pregnancy
	65	2	Reveiw	<u>Artificial intelligence in obstetrics</u> Mother; Fetus; Disease; Diagnosis; Artificial intelligence
	65	2	Original	<u>Clinical significance of soft markers in second trimester ultrasonography for pregnant Korean women: a multicenter study and literature review</u> Aneuploidy; Fetal biometry; Pregnancy trimester, second; Soft markers; Ultrasonography
	65	2	Original	<u>A model for predicting gestational diabetes mellitus in early pregnancy: a prospective study in Thailand</u> Diabetes, gestational; Pregnancy trimester, first; Nomograms; Diagnostic screening programs
	65	2	Original	<u>Pregnancy and neonatal outcomes after periconceptional exposure to isotretinoin in Koreans</u> Isotretinoin; Congenital abnormalities; Teratogens; Pregnancy; Maternal exposure
	65	4	Reveiw	<u>Depression in pregnant and postpartum women during COVID-19 pandemic: systematic review and meta-analysis</u> Depression; Pregnant women; Postpartum period; COVID-19; Meta-analysis
	65	4	Original	<u>Non-invasive continuous blood pressure monitoring using the ClearSight system for pregnant women at high risks of post-partum hemorrhage: compar</u> Blood pressure monitor; Cesarean section; Spinal anesthesia; Postpartum hemorrhage
	65	5	Reveiw	<u>Prenatal maternal alcohol exposure: diagnosis and prevention of fetal alcohol syndrome</u> Fetal alcohol syndrome; Fetal alcohol spectrum disorders; Pregnancy; Alcohols
	65	5	Original	<u>Ritodrine in external cephalic version: is it effective and safe?</u> Pregnancy; External cephalic version; Ritodrine; Pregnancy outcomes
	65	6	Original	<u>COVID-19 and vaccination during pregnancy: a systematic analysis using Korea National Health Insurance claims data</u> COVID-19; Vaccination; Pregnancy; Infant, newborn; Pregnancy outcome
	65	6	Original	<u>Improving body image and sexual life among postpartum women: a single-blind-randomized controlled trial to evaluate a social network-based cognitiv</u> Postpartum, Body image, Sexual health, Quality of life, Social media

Obstetrics & Gynecology Science_Contents_2022

Scope	Vol.	No.	Category	Title and Keywords
GO	65	1	Original	<u>A comparative study of smica in various body fluids of diagnosed cervical cancer patients and healthy women</u> Body fluids; Neoplastic processes; Parity; Papanicolaou test; Uterine cervical neoplasms
	65	1	Original	<u>Correlation between the expression of matrix metalloproteinase 9 and the expression of tissue inhibitor of metalloproteinase-1 of uterosacral ligament</u> Matrix metalloproteinase 9; TiMP1; Correlation; Uterosacral ligament; Uterine prolapse
	65	1	Original	<u>Signature of arylacetamide deacetylase expression is associated with prognosis and immune infiltration in ovarian cancer</u> Arylacetamide deacetylase; Ovarian neoplasms; Computational biology; Tumor microenvironment; Nomogram
	65	2	Original	<u>Impact of hematologic toxicities during concurrent chemoradiation for cervical cancer</u> Uterine cervical neoplasms; Chemoradiotherapy; Anemia; Lymphopenia
	65	2	Original	<u>Incidence and predictive factors for recurrent clear cell ovarian carcinoma: results from a single center in Thailand</u> Adenocarcinoma clear cell; Ovarian cancer; Prognosis; Incidence; Recurrence
	65	3	Original	<u>Prevalence of malnourishment and predictive factors associated with the nutritional status of gynecologic cancer patients undergoing chemotherapy: a</u> Malnutrition; Nutritional status; Serum albumin; Antineoplastic agents
	65	3	Original	<u>Evaluation of mobile health applications for cervical cancer in the digital marketplace</u> Cervix uteri; Neoplasms; Health communication; Health promotion; Mobile applications
	65	4	Reveiw	<u>Management of inoperable endometrial cancer</u> Endometrial cancer; Radiotherapy; Chemotherapy; Quality of life
	65	4	Original	<u>Human papillomavirus genotype distribution in low-grade squamous intraepithelial lesion cytology, and its immediate risk for high-grade cervical lesion</u> Human papillomavirus; Genotype; Cervical intraepithelial neoplasia; Prevalence; Colposcopy

Obstetrics & Gynecology Science_Contents_2022

Scope	Vol.	No.	Category	Title and Keywords
GO	65	4	Original	<u>Multiple biomarkers are more accurate than a combination of carbohydrate antigen 125 and human epididymis protein 4 for ovarian cancer screening</u> Ovarian cancer; Screening; Biomarkers; Algorithm
	65	4	Original	<u>Safety and feasibility of laterally extended endopelvic resection for sarcoma in the female genital tract: a prospective cohort study</u> Gynecologic surgical procedure; Pelvic exenteration; Sarcoma; Surgery
	65	5	Review	<u>Sentinel lymph node biopsy in high-risk endometrial cancer: performance, outcomes, and future avenues</u> Endometrial cancer; Sentinel lymph node biopsy
	65	5	Original	<u>Endometrial thickness and uterine artery Doppler parameters as soft markers for prediction of endometrial cancer in postmenopausal bleeding women</u> Doppler transvaginal ultrasound; Endometrial cancer; Postmenopausal period; Uterine artery; Uterine bleeding
	65	5	Original	<u>The effect of a support program on the burden of spouses caring for their partners with breast cancer: a randomized controlled trial</u> Caregiver burden; Psychological stresses; Breast cancer; Chemotherapy
	65	5	Original	<u>Predictive value of 'Smartscore' for the detection of preinvasive cervical lesions during the COVID-19 pandemic: a diagnostic study</u> Cervical cancer screening; Cervical intraepithelial neoplasia; Colposcopy; Smartscore; COVID-19
	65	5	Original	<u>Clinical outcomes of immunohistochemistry of the p53 Staining pattern in high-grade serous ovarian carcinoma</u> High-grade serous ovarian carcinoma; Immunohistochemistry p53; Ovarian cancer; Survival outcome; Progression-free survival
	65	6	Original	<u>Preoperative modified frailty index to predict surgical complications in endometrial cancer patients</u> Frailty, Postoperative complications, Treatment outcomes, Risk factors
	65	6	Original	<u>Laparoscopic systemic restaging surgery for women with unexpected uterine malignancy</u> Laparoscopy, Cancer staging, Uterine cancer

Obstetrics & Gynecology Science_Contents_2022

Scope	Vol.	No.	Category	Title and Keywords
RE	65	1	Original	<u>Histopathological profile of women who had previously failed in-vitro fertilization and the association to the outcome in the subsequent in-vitro fertilization</u> Pathology; Polyps; Endometrium; Fertilization in vitro
	65	2	Review	<u>Contraception in the COVID-19 pandemic: recommendations from the Korean society of contraception and reproductive health</u> COVID-19; COVID-19 vaccines; Contraception; Contraceptives; oral; combined; Long-acting reversible contraception
	65	2	Original	<u>Psychological impact of suspension/postponement of fertility treatments on infertile women waiting during COVID pandemic</u> Infertility; COVID-19; Mental health; Health services accessibility; In-vitro fertilisation
	65	2	Original	<u>Dual trigger with gonadotropin-releasing hormone agonist and recombinant human chorionic gonadotropin improves the outcome of intrauterine insemination</u> IUI; Dual trigger; Single trigger; Outcome
	65	2	Original	<u>Association between different dual trigger dosages and in vitro fertilization results in patients with patient-oriented strategies encompassing individualized treatment</u> Dual trigger; GnRH agonist; Infertility; In vitro fertilization
	65	3	Review	<u>What is the link between endometriosis and adiposity?</u> Endometriosis; Adiposity; Anthropometry; Obesity; Adipokines
	65	4	Original	<u>Effects of high-intensity interval training and strength training on levels of testosterone and physical activity among women with polycystic ovary syndrome</u> Exercise; Exercise training; High-intensity interval training; Polycystic ovary syndrome
	65	5	Original	<u>Body fat distribution and insulin resistance among Korean middle-aged women: a Korean National Health and Nutrition Examination Survey</u> Body fat distribution; Absorptiometry; dual-energy X-ray; Insulin resistance; The homeostatic model assessment index; Menopause
	65	6	Original	<u>Triphenyl phosphate activates estrogen receptor α/NF-κB/ cyclin D1 signaling to stimulate cell cycle progression in human Ishikawa endometrial cancer cells</u> Triphenyl phosphate, Estrogen receptor, Cyclin D1, Cell cycle, Human Ishikawa endometrial cancer cells

Obstetrics & Gynecology Science_Contents_2022

Scope	Vol.	No.	Category	Title and Keywords
GG	65	1	Review	<u>A narrative review of the role of gastrointestinal dysbiosis in the pathogenesis of polycystic ovary syndrome</u> Dysbiosis; Lipopolysaccharides; Polycystic ovary syndrome; Probiotics; Zonulin
	65	1	Original	<u>Outcomes of vaginal hysterectomy combined with anterior and posterior colporrhaphy for pelvic organ prolapse: a single center retrospective study</u> Vaginal hysterectomy; Pelvic organ prolapse; Anterior colporrhaphy; Posterior colporrhaphy
	65	1	Original	<u>Adherence to the American Society for Colposcopy and Cervical Pathology guidelines: an observational study</u> Retrospective studies; Colposcopy; Cervical intraepithelial neoplasia; Alphapapillomavirus; Squamous intraepithelial lesions
	65	1	Original	<u>Factors associated with unsuccessful pessary fitting and reasons for discontinuation in Korean women with pelvic organ prolapse</u> Pelvic organ prolapse; Pessaries
	65	2	Review	<u>Preemptive pregabalin for postoperative analgesia during minimally invasive hysterectomy: a systematic review and meta-analysis of randomized controlled trials</u> Pregabalin; Pain; Hysterectomy; Meta-analysis
	65	3	Original	<u>Development of an endometriosis self-assessment tool for patient</u> Endometriosis; Reliability and validity; Self-assessment; Factor analysis; Receiver operator characteristic curve
	65	3	Original	<u>Effect of autologous platelet-rich plasma for treatment of recurrent pregnancy loss: a randomized controlled trial</u> Platelet-rich plasma; Live-birth; Recurrent pregnancy loss; In vitro fertilization
	65	3	Original	<u>Current techniques used to perform surgery for anterior and posterior vaginal wall prolapse in South Korea</u> Pelvic organ prolapse; Surveys and questionnaires; Cystocele; Rectocele; Sutures
	65	4	Review	<u>How and on whom to perform uterine-preserving surgery for uterine prolapse</u> Pelvic organ prolapse; Surgery; Uterine preservation
	65	5	Original	<u>Vaginal vault drainage as an effective and feasible alternative in laparoscopic hysterectomy</u> Hysterectomy; Laparoscopy; Drainage; Hematoma
	65	6	Original	<u>Surgical outcomes of laparoscopic trachelectomy following supracervical hysterectomy: a multicenter study</u> Laparoscopic trachelectomy, Cervical stump carcinoma, Surgical outcomes, Supra-cervical hysterectomy
	65	6	Original	<u>The effect of diluted ropivacaine in distending fluid on cramping pain after hysteroscopic surgeries: a randomized clinical trial study</u> Ropivacaine, Hysteroscopy, Post operative pain
